About

My specialty - organically and authentically turning relationships into revenue - for the right reasons, with the right people and objectives - so far generating over \$11M in partnership, funding, and sales impact.

Growth, in business or sport, is simple: Build two-way, trust-rich relationships plus consistent, high-accountability follow-through. The strongest partnerships, like the strongest teams, are built long before the first meeting and kept long after the final whistle. I learned this methodically - in and out of the arena.

I've built partnerships, revenue engines, and fundraising programs across sports, healthcare, nonprofits, and tech - with/for teams at the PGA of America, DICK'S Sporting Goods, Golf Galaxy, Oakley, Ralph Lauren RLX, the NYS Golf Association, Bloomberg, M&T Bank, Citigroup, the CFA Institute, BlueCross BlueShield, CareSource, Towers Watson, Wegmans, Tito's Handmade Vodka, Michelob Ultra and more.

Over my career, grateful to have been recognized by:

- Business First 2019 - 30 Under 30
- PGA of America REACH Foundation - Top Fundraiser Awards

Do Investors Rationally Evaluate Investment Fees? A Behavioral Finance Investigation

Business Research Consortium

This study proposes a new behavioral finance bias, related to the evaluation of investment fees by investors following a significant period of declining investment returns. Financial theory suggests that investors would seek to minimize their total cost of investment fees but we show that where investors experience falling returns, some will chose the funds with higher fees, even though that choice leads to lower overall returns. A possible explanation may be the expectation that investors felt these higher fees were indicative of better management and a better future return. The implications

CONFIDENTIALITY AND MUTUAL NON-DISCLOSURE AGREEMENT

This Mutual Non-Disclosure Agreement ("Agreement") is entered into between **Kreuz Business Development LLC ("KBD")** and **John Osberg ("Contractor")** (collectively, the "Parties").

The Parties acknowledge that, in connection with evaluating and pursuing business opportunities, each may disclose confidential and proprietary information to the other. Accordingly, each Party agrees to protect the Confidential Information of the other under the terms of this Agreement.

1. Purpose

Contractor will provide independent, commission-based recruiting and business development services to KBD pursuant to a separate **Commission Sharing Schedule**. In performing these services, each Party may receive access to the other's confidential and proprietary business information.

2. Confidential Information

"Confidential Information" means any non-public information disclosed by either Party to the other in connection with their business relationship.

KBD Confidential Information includes, but is not limited to:

- Candidate and contact databases, including names, contact information, employment history, compensation information, notes, and other candidate data;
- Current and prospective clients and client contacts;
- Open, pending, confidential, and prospective job orders and searches;
- Candidate submissions, interview activity, compensation discussions, and placement information;
- Client fee arrangements, contracts, pricing, commissions, and other financial information;
- Recruiting strategies, sourcing methods, business development activities, processes, and other proprietary information; and
- Any other information reasonably understood to be confidential or proprietary to KBD or its clients.

Contractor Confidential Information includes, but is not limited to:

- Professional relationships and referral sources;
 - Business development strategies and methodologies;
 - Recruiting techniques, sourcing methodologies, and proprietary processes independently developed by Contractor;
 - Proprietary business contacts, introductions, and opportunities disclosed to KBD; and
 - Any other information reasonably understood to be confidential or proprietary to Contractor.
-

3. Mutual Confidentiality Obligations

Each Party agrees to:

- Use the other Party's Confidential Information solely for purposes of performing or evaluating the business relationship contemplated by this Agreement;
 - Not disclose, copy, download, transfer, distribute, or use the other Party's Confidential Information for the benefit of any other individual or organization without prior written authorization from the disclosing Party;
 - Take reasonable measures to safeguard all Confidential Information; and
 - Promptly notify the other Party of any known or suspected unauthorized access, disclosure, loss, or misuse of Confidential Information.
-

4. Database and Client Ownership

All databases, candidate records, client information, job orders, notes, correspondence, and other business information provided by KBD or developed in connection with KBD assignments shall remain the exclusive property of KBD.

Nothing in this Agreement transfers ownership of Contractor's independently developed business relationships, referral sources, recruiting methodologies, or proprietary business information.

Access to KBD systems or information does not convey any ownership interest to Contractor.

Clients independently originated by Contractor prior to or during this Agreement shall remain Contractor's business relationships. KBD shall not claim ownership of such relationships solely by virtue of this Agreement. Nothing herein shall prevent KBD from continuing to service or develop any client engagement initiated through KBD during the term of this Agreement unless otherwise agreed in writing.

5. No Independent Use

Contractor shall not use information obtained through KBD to independently solicit, recruit, place, market to, or otherwise conduct business with a KBD client or candidate outside of Contractor's authorized work on behalf of KBD.

Likewise, KBD shall not use Contractor's proprietary business relationships or confidential information for purposes unrelated to the Parties' business relationship without Contractor's consent.

6. Return and Deletion of Information

Upon termination of the business relationship, or at any time upon written request, each Party shall promptly return or permanently delete the other Party's Confidential Information in its possession or control, including electronic copies, except to the extent retention is required by law.

7. Continuing Confidentiality

Each Party's confidentiality and non-disclosure obligations shall survive termination of the business relationship. Trade secrets and proprietary database information shall remain protected for as long as they qualify for protection under applicable law.

8. Independent Contractor Relationship

Contractor is an independent contractor and not an employee, partner, member, or agent of KBD.

Compensation and commission arrangements between the Parties shall be governed separately by the Commission Sharing Schedule and are not modified by this Agreement.

9. Governing Law

This Agreement shall be governed by the laws of the State of New York.

10. Entire Agreement

This Agreement represents the entire understanding between the Parties concerning confidentiality and non-disclosure and may be modified only by a written agreement signed by both Parties.

Commission Sharing Schedule

John Osberg Relationship

Effective Date: _____

This Commission Sharing Schedule ("Schedule") sets forth the commission sharing arrangement between **Kreuz Business Development LLC ("KBD")** and **John Osberg ("Contractor")**.

Guiding Principles

- All client engagements, contracts, invoices, collections, and client relationships are administered through Kreuz Business Development LLC ("KBD").
 - Contractor is engaged as an independent contractor and will receive IRS Form 1099 for commissions paid.
 - Commissions are earned only after KBD has received payment from the client.
 - KBD shall remit earned commissions promptly following receipt of payment from the client, generally on the same business day funds are deposited, absent unusual circumstances.
 - Greg's participation recognizes his longstanding relationship with KBD and his ongoing contributions to the business.
 - Since the inception of KBD, Joe Kreuz and Greg have operated under a 50/50 compensation arrangement, with Joe assuming responsibility for all operating expenses, administration, insurance, software, licensing, accounting, legal, and business overhead.
 - Joe Kreuz serves as Managing Partner of KBD and retains authority to reasonably modify commission allocations when unique circumstances arise after discussing the matter with the affected parties and attempting to reach a mutually acceptable resolution.
-

Scenario 1 – Joe Originates the Business

Joe develops the client relationship and secures the search engagement.

John identifies, recruits, and manages the successful candidate.

Participant	Commission Share
-------------	------------------

Joe Kreuz	50%
-----------	-----

John Osberg	40%
-------------	-----

Greg	10%
------	-----

John will recruit and manage candidates throughout the search in collaboration with Joe.

Scenario 2 – John Originates the Business

John develops the client relationship and brings the engagement to KBD.

John will receive **40%** of the gross placement fee for originating the business.

If John also recruits and successfully places the candidate, he will receive an additional **10%**, for a total of **50%**.

The remaining commission shall be allocated between Joe and Greg based upon their respective contributions to originating, managing, supporting, and completing the engagement.

Joe provides:

- Client agreements
 - Administration
 - Billing
 - Collections
 - Recruiting support
 - Technology
 - Business infrastructure
 - Overall management of the engagement
-

Placement Fee

For purposes of this Schedule, "**Placement Fee**" means the gross professional fee billed by KBD to the client for a successful placement before any commission allocations.

Commission Payments

Commission payments are made only after KBD has received payment from the client.

For every placement in which Contractor participates, KBD shall provide reasonable documentation of the placement fee, including a copy of the client invoice or other written confirmation of the fee billed.

Candidate Guarantees and Refunds

If KBD refunds all or a portion of a placement fee pursuant to a client guarantee, replacement obligation, settlement, or other fee adjustment, each participant shall proportionately share in the refund or reduction based upon the original commission distribution.

Any required repayment may be satisfied through an offset against future commissions or by direct reimbursement to KBD.

Trailing Commissions

If this relationship terminates, Contractor shall remain entitled to commissions on placements that were substantially completed prior to termination and for which KBD subsequently receives payment from the client, unless the Agreement was terminated for fraud, dishonesty, material breach, or other cause.

Commission Adjustments

Every client engagement is unique.

If multiple individuals materially contribute to originating, developing, recruiting, managing, or completing an engagement, Joe Kreuz may reasonably adjust commission allocations to reflect each individual's contribution.

Whenever practical, Joe will discuss any proposed adjustment with the affected parties before finalizing the allocation.

Independent Contractor

Contractor acknowledges that he is an independent contractor and is solely responsible for all federal, state, and local income taxes arising from commissions paid under this Schedule.

Modification

Any modification to this Schedule must be in writing and acknowledged by both Parties.

The Parties acknowledge that this Schedule is intended to foster a long-term collaborative relationship based upon fairness, transparency, mutual respect, and the shared success of Kreuz Business Development and its clients.
